

Ceiling and wall luminaires

Unshielded ceiling and wall luminaires made of stainless steel and hand-blown three-ply opal glass. Arranged individually or in groups, they are great design elements for a host of lighting applications.

BEGA 19 538 small opening wiring box (included) required for proper installation.

LED color temperatures: 2700K, 3000K, 3500K, 4000K

Stainless steel · Three-ply opal glass with thread

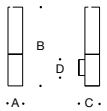

BEGA luminaires offer a minimum service life of 60,000 hours, with suitable LED replacement modules guaranteed for up to 20 years after date of purchase. Further LED technical data including luminous flux, CRI, dimming and electrical characteristics are provided on the individual luminaire specification sheets, available at www.bega-us.com

Luminaires are provided with #4 brushed stainless steel finish.

NRTL listed to North American standards · Suitable for wet locations
Protection class IP 64 (33 150) and IP 44 (44 009)
