

Ceiling and wall luminaires

Expertly hand crafted glass combined with cost effective and durable technology. Available in multiple size and lumen output combinations, these ceiling and wall luminaires offer a broad range of lighting design opportunities. Perfect proportions and impressive glass help these luminaires make a lasting impression. Luminaires in this series are also available with an impact resistant acrylic diffuser for special applications, add **P** as suffix. Provided with electronic driver.

Hand-blown opal glass with screw neck or impact resistant acrylic diffuser with screw neck · Metal mounting plate, white finish

LED color temperatures: 2700K, 3000K, 3500K, 4000K

BEGA can supply you with suitable LED replacement modules for up to 20 years after the purchase of LED luminaires – see page 186. Further LED technical data including luminous flux, CRI, service life, and dimming and electrical characteristics are provided on the individual luminaire specification sheets, available at www.bega-us.com.

NRTL listed to North American Standards, interior use only
Refer to page 185 for more information
