

STUDIO LINE  
Large-area pendant luminaires  
Tunable white

A series of large scale STUDIO LINE pendants, available in two sizes and with tunable white technology. Their unique beauty and versatility is enhanced by the choice of three matte interior finishes combined with two matte exterior finishes. These finishes may be chosen to complement a wide array of interior spaces. A subtle hint of colored light on the outside edge of the beam spread results from the internally reflected light. The result is an eye-catching and elegant lighting effect. An overview of more luminaires from the STUDIO LINE is provided on page 4. Provided with electronic driver.

White high density polyethylene diffuser  
Aluminum shield and canopy, white or velvet black exterior finish  
Four steel wires · Transparent connecting cable

Select the desired interior finish by using appropriate code number as suffix

- Matte aluminum      Code number **.2**
- Matte brass          Code number **.4**
- Matte copper        Code number **.6**

LED color temperatures: 2700K, 3000K, 3500K, 4000K

Tunable white color temperature range is adjustable from 2700K to 6500K via DALI control protocol

BEGA can supply you with suitable LED replacement modules for up to 20 years after the purchase of LED luminaires – see page 186. Further LED technical data including luminous flux, CRI, service life, and dimming and electrical characteristics are provided on the individual luminaire specification sheets, available at [www.bega-us.com](http://www.bega-us.com).

NRTL listed to North American Standards, interior use only  
Refer to page 185 for more information
