

Pendant luminaires

A series of LED pendants, available in three sizes and two exterior finishes. The thick-walled crystal glass adds sparkle and visual interest to a room while the inner frosted section provides glare control and minimizes direct view of the LED source. Provided with electronic driver.

Crystal glass diffuser, partially frosted · Molded silicone optical lens
Reflector made of pure anodized aluminum · Die-cast aluminum housing
White or black connecting cable

Select the desired finish by using appropriate code number as suffix

- White Code number **.1**
- Stainless steel Code number **.2**

LED color temperatures: 2700 K, 3000 K, 3500 K, 4000 K

BEGA can supply you with suitable LED replacement modules for up to 20 years after the purchase of LED luminaires – see page 186. Further LED technical data including luminous flux, CRI, service life, and dimming and electrical characteristics are provided on the individual luminaire specification sheets, available at www.bega-us.com.

NRTL listed to North American Standards, interior use only
Refer to page 185 for more information

Partially frosted crystal glass

Select the desired finish by using appropriate code number as suffix.

White, white cable
Code number **.1**

Stainless steel, black cable
Code number **.2**
