

### Large-area pendant luminaires

A family of unshielded LED pendant luminaires with an integral downlight option. Designers often have two wishes when it comes to creating a comfortable interior space: illuminate horizontal surfaces for task lighting, and provide vertical illumination to fill the space. The optional downlight component of these pendants provides efficient task lighting for floor or table surfaces, while the opal glass cylinder glows to create ambient lighting. Provided with electronic driver.

White high density polyethylene diffuser · Metal housing and canopy, white finish  
Three steel wires · Transparent connecting cable

LED color temperatures: 2700K, 3000K, 3500K, 4000K

BEGA can supply you with suitable LED replacement modules for up to 20 years after the purchase of LED luminaires – see page 186. Further LED technical data including luminous flux, CRI, service life, and dimming and electrical characteristics are provided on the individual luminaire specification sheets, available at [www.bega-us.com](http://www.bega-us.com).

NRTL listed to North American Standards, interior use only  
Refer to page 185 for more information

Pendant				
	LED	A	B	L
50 672	105.6W	7 ½	70 ⅞	145

Pendant with downlight					
	LED	β	A	B	L
50 673	105.6W	-	7 ½	70 ⅞	145
	16.8W	Downlight 49°			

β= Beam angle
